Liu Wing Kam, Victor L.6B

Wong Yze Ong, Mark L.6B

External Secretaries

Cheng Wing Kin, Henry L.6B

Wong Sze Kin, Timothy L.6B

Financial Secretary

Leung Ho Kai L.6B

Teacher Advisers

Mr. K.B. Ching

Mr. Y.K. Ng

The Mathematics Society was founded in 1991. The Society aims to arouse students' interest in Mathematics, promote Mathematics to Josephians, and develop friendship among members.

Recruitment Week

In October, the club recruited members during the recruitment week. We set up a counter in the New Hall, introducing activities that we had planned to organize. Over 30 members were recruited. We were delighted to see quite a number of new faces from the lower forms.

Tutorial Class

Tutorial classes were organized to help junior forms cope with the problems in Mathematics. We believed that these classes have really helped them.

Green & White Day

As for the Open Day, which was held on 16th March, the Society set up a stall in the covered playground. Games about Mathematics and IQ questions were provided. Visitors of different age groups tried our games and the response was encouraging.

Inter-School Mathematics Contest

In late May, we held an Inter-School Mathematics Contest for students below form four. The performance was encouraging.

This year, we were glad to see that activities were held successfully and our members joined them with passion. Finally, we would like to express our sincere thanks to all the executive committee members, our teacher advisers, and our Principal, Mr. Leung, for their invaluable help. ■
