 Mr. S.R. Hsieh
 Ms. A. Tsoi
- Chairman:
 Thomas Yip (6B)
- Vice-Chairmen:
 Gordon Ho (6B)
 Allen Chung (6B)
- Internal Secretary:
 Sammy Mak (6B)
- External Secretary:
 Eric Cheung (6B)
- Treasurer:
 Victor Tam (6B)

Mathematics Society was founded in 1991. Its aims are to promote Mathematics in our school and to arouse students' interest in the subject. In this academic year, our society has organized various functions of different nature, as listed:

Our committee board was set up in last September. This year, we have recruited more than 50 members.

In order to assist lower form students to cope with the problems they encounter in Mathematics, tutorial classes were organized throughout the year. We believe that this function had

proved to be beneficial.

To arouse students' interest in Mathematics, mathematical questions, games and new topics are posted on our display board — Mathematics

Corner. It is located at the end of the corridor leading from the main entrance to the old building.

Apart from the above functions, we have successfully helped students to purchase scientific calculators at a discount price.

Furthermore, our society had set up a games stall in the basketball court on the Open Day and this was well received.

Finally, we would like to express our sincere thanks to our teacher advisers for giving their invaluable support and encouragements.
